What is Webmardi?

Webmardi is a Swiss-based non profitable association that organizes free monthly events in western Switzerland. We offer the opportunity for people to meet their local community and bring together developers, designers, project owners, founders & many more.

We usually organize [12 events per year](#) (10 talks, 2 lunches) for a community of over [2000 members](#) on meetup.com.

Events are taking place in Geneva, Lausanne, or Fribourg and all our events are streamed and can be watched again on our [Youtube channel](#).
